In the not-too-distant future, in what was once the old City of New York, megacorporations have taken over everything. Now even the internet is owned, and the only way to transmit sensitive information is by a network of highly skilled couriers called “data runners” who run it over the sneakernet. It is a dangerous gig in a dirty world, but Jack Nill doesn’t have much choice in the matter. A brilliant young math whiz and champion of parkour, Jack must become one of these data runners in order to get his father out of a major gambling debt. When a mysterious stranger loads Jack’s chip with a cryptic cargo that everybody wants, he soon becomes the key figure in a conspiracy that could affect the entire North American Alliance. Now it’s all up to Jack. With the help of his best friend, Dexter, and a girl who runs under the name Red Tail, Jack will have to use all his skills to outrun the retrievers and uncover the truth before they catch him and clip him for good.

A heartwarming memoir of a couple who takes in a homeless man and the life-altering effect the experience has on all three of them. For years, “Fisher King Mike” wandered L.A., preaching to his people. On occasion he’d share an open mic night with Michael Konik, who offered a curious and sympathetic ear, particularly when the Fisher King lamented his separation from his wife (who he claimed was Selena Gomez). As the pair began to trust one another, confusion and distance gave way to something that astounded them both. The Unexpected Guest gives love profound new dimensions with its story of family, friendship, and the meaning of home. Konik offered food and a pair of pants when his new friend came by, and wondered how much he owed the troubled Fisher King—a question all of America faces with the nation’s ongoing homelessness crisis. When Konik and his wife gave Fisher King Mike a place in their home, handy as he turned out to be with household projects, they witnessed a guest become a caretaker. Gone was the man who gave sermons about his supposed estate next door to Kanye West. Gone was the man drifting through life. What each never saw coming was their own transformation and the lessons they’d learn about what it means not only to be good people, but simply to be human. Praise for The Unexpected Guest “Heartwarming, compassionate, and well-crafted, The Unexpected Guest gives voice to those rarely heard, compels you to look closer when you want to look away, and reveals the joy of caring for others.” —Pete Earley, New York Times–bestselling author of Crazy: A Father’s Search Through America’s Mental Health Madness, 2007 Finalist for the Pulitzer Prize “What a pleasure to read a book that is quick in pace, absent of cynicism, and packed with conversations and stories we desperately need. The Unexpected Guest exceeded my already high expectations. Michael Konik does something that few journalists, let alone politicians even attempt to do. He humanizes the people who are without shelter. I won’t be soon forgetting “Fisher King Mike.”” —Dave Zirin, The Nation “A deft meditation on the ordinary magic that happens when you open your heart and home, one small step at a time. Poignant, timely, compulsively readable. Konik’s story of family lingers long after the last page.” —Jack McCallum, New York Times–bestselling author of Dream Team “Honest and entertaining, this book forces readers to confront the systems of inequality in which we are all implicated.” —Kirkus Reviews

“More people recognize the importance of Allyship—and that’s great. Unfortunately, many men still don’t know what they need to do to effect change so everyone feels valued and empowered at work. In Showing Up, Ray Arata provides clear guidance on how to turn good intentions into action. I strongly recommend it to everyone interested in helping create a more equal and productive workplace.” —Sheryl Sandberg, COO of Facebook and founder of LeanIn.Org and OptionB.Org Showing Up is a revolutionary step-by-step guide—by and for men—to end toxic masculinity and enact heart-based leadership, increase diversity, bolster the bottom line, and create a workplace culture where everyone wins. The Time’s Up, Me Too, and Black Lives Matter movements have sounded a wake-up—especially for men. Organizations worldwide now realize the critical importance of diversity, equity, and inclusion (DEI) for underrepresented people. It’s abundantly clear: the default model of masculinity isn’t working for anyone. But for a new and healthier infrastructure, for permanent and transformational shifts, we need a plan that includes men. In Showing Up, Ray Arata details the proven methods he’s shared with such companies as Verizon, Bloomberg, Moody’s, Intel, Toyota, Hearst, and more, teaching men to • Embrace healthy masculinity as a cornerstone of inclusionary leadership; • Identify unhealthy masculine behaviors in the workplace—like mansplaining, maninterrupting, and manopolizing; • Adopt behavior modifications aligned with being an inclusive leader and ally; • Incorporate specific language to use in healthy discussions; and • Leverage power and position to elevate underrepresented groups.

This project-oriented facilities design and material handling reference explores the techniques and procedures for developing an efficient facility layout, and introduces some of the state-of-the-art tools involved, such as computer simulation. A "how-to," systematic, and methodical approach leads readers through the collection, analysis and development of information to produce a quality functional plant layout. Lean manufacturing; work cells and group technology; time standards; the concepts behind calculating machine and personnel requirements, balancing assembly lines, and leveling workloads in manufacturing cells; automatic identification and data collection; and ergonomics. For facilities planners, plant layout, and industrial engineer professionals who are involved in facilities planning and design.

Dori Sanders' first novel, CLOVER was a smash hit. Now, with HER OWN PLACE, Dori Sanders tells a story about ordinary people taking part in a transformation of heart and mind--in the South, in the nation. "Resonates as powerfully as an old hymn."--Kirkus Reviews; "Like a ripe summer peach, HER OWN PLACE just keeps getting better and better until the last page leaves the reader longing for more."--Christian Science Monitor. A LITERARY GUILD SELECTION.

A New York Times Bestseller & Oprah's Book Club Pick Young Julie Harmon works “hard as a man,” they say, so hard that at times she’s not sure she can stop. People depend on her to slaughter the hogs and nurse the dying. People are weak, and there is so much to do. At just seventeen she marries and moves down into the valley of Gap Creek, where perhaps life will be better. But Julie and Hank’s new life in the valley, in the last years of the nineteenth century, is more complicated than the couple ever imagined. Sometimes it’s hard to tell what to fear most—the fires and floods or the flesh-and-blood grifters, drunks, and busybodies who insinuate themselves into their new life. To survive, they must find out whether love can keep chaos and madness at bay. Their struggles with nature, with work, with the changing century, and with the disappointments and triumphs of their union make Gap Creek a timeless story of a marriage.

New York Times–bestselling author: “In the art of true-crime reportage, Jerry Bledsoe is the best in the country . . . Before He Wakes has the suspense of a novel” (The Atlanta Journal-Constitution). Barbara Stager was known as a devoted mother, loving wife, and dedicated church leader in her Durham, North Carolina, community. When she “accidentally” shot her husband, popular high school coach, Russ, the police were inclined to believe her—until they learned that ten years earlier, her first husband had died in a strangely similar way. Sgt. Rick Buchanan’s relentless investigation into Stager’s life revealed a stunning vortex of compulsive lying, obsessive spending, and sexual promiscuity. With every new discovery, more of Barbara’s impeccable image unraveled. But the greatest shock—a damning piece of evidence Russ Stager left behind—revealed the nightmare truth about Barbara. With “the fine-toothed-comb reporting of [an] ace crime journalist,” this book takes us deep into a spellbinding case of double life, lethal lust, and almost perfect murder (Kirkus Reviews). “A shocking and well-written portrait of a dangerous woman.” —The New York Times “Mesmerizing.” —Ann Rule, New York Times–bestselling author of The Stranger Beside Me “This account of manipulation, compulsive spending, lying, promiscuity, and murder is made even more chilling by the fact that appearances are often deceiving.” —Library Journal “A profile of evil . . . Fascinating.” —The Baltimore Sun “Jerry Bledsoe is the master of true crime, the conclusion to what Truman Capote began. . . . Another stunning success.” —Patricia Cornwell, New York Times–bestselling author of Chaos

The New York Times bestselling author of Serena returns to Appalachia, this time at the height of World War I, with the story of a blazing but doomed love affair caught in the turmoil of a nation at war Deep in the rugged Appalachians of North Carolina lies the cove, a dark, forbidding place where spirits and fetches wander, and even the light fears to travel. Or so the townsfolk of Mars Hill believe—just as they know that Laurel Shelton, the lonely young woman who lives within its shadows, is a witch. Alone except for her brother, Hank, newly returned from the trenches of France, she aches for her life to begin. Then it happens—a stranger appears, carrying nothing but a beautiful silver flute and a note explaining that his name is Walter, he is mute, and is bound for New York. Laurel finds him in the woods, nearly stung to death by yellow jackets, and nurses him back to health. As the days pass, Walter slips easily into life in the cove and into Laurel’s heart, bringing her the only real happiness she has ever known. But Walter harbors a secret that could destroy everything—and danger is closer than they know. Though the war in Europe is near its end, patriotic fervor flourishes thanks to the likes of Chauncey Feith, an ambitious young army recruiter who stokes fear and outrage throughout the county. In a time of uncertainty, when fear and ignorance reign, Laurel and Walter will discover that love may not be enough to protect them. This lyrical, heart-rending tale, as mesmerizing as its award-winning predecessor Serena, shows once again this masterful novelist at the height of his powers.

A riveting inside look at the lucrative world of professional high-stakes sports betting by a journalist who lived a secret life as a key operative in the world’s most successful sports gambling ring. When journalist Michael Konik landed an interview with Rick “Big Daddy” Matthews, the largest bet he’d placed on a sporting event was \$200. Konik, an expert blackjack and poker player, was no stranger to Vegas. But Matthews was in a different league: the man was rumored to be the world’s smartest sports bettor, the mastermind behind “the Brain Trust,” a shadowy group of gamblers known for their expertise in beating the Vegas line. Konik had heard the word on the street -- that Matthews was a snake, a conniver who would do anything to gain an edge. But he was also brilliant, cunning, and charming. And when he asked Konik if he’d like to “make a little money” during the football season, the writer found himself seduced . . . So began Michael Konik’s wild ride as an operative of the elite Brain Trust. In The Smart Money, Konik takes readers behind the veil of secrecy shrouding the most successful sports betting operation in America, bypassing the myths and the rumors, going all the way to its innermost sanctum. He reveals how they -- and he -- got rich by beating the Vegas lines and, ultimately, the multimillion-dollar offshore betting circuit. He details the excesses and the betrayals, the horse-trading and the paranoia, that are the perks and perils of a lifestyle in which staking inordinate sums of money on the outcome of a single event -- sometimes as much as \$1 million on a football game -- is a normal part of doing business.
