If you could trade your biggest burden for someone else's, would you do it? Five teenagers sit around a bonfire in the middle of the New Mexico desert. They don't know it yet, but they are about to make the biggest sacrifice of their lives. Lo has a family history of MS, and is starting to come down with all the symptoms. Thomas, a former child soldier from Liberia, is plagued by traumatic memories of his war-torn past. Kaya would do anything to feel physical pain, but a rare condition called CIP keeps her numb. Ellen can't remember who she was before she started doing drugs. Kit lost his girlfriend in a car accident and now he just can't shake his newfound fear of death. When they trade totems as a symbol of shedding and adopting one another's sorrows, they think it's only an exercise. But in the morning, they wake to find their burdens gone...and replaced with someone else's. As the reality of the ritual unfolds, this unlikely group of five embarks on a week of beautiful, terrifying experiences that all culminate in one perfect truth: In the end, your soul is stronger than your burdens. "Utterly original, haunting, and honest, Strayhorn's literally infectious story of fear and hope will change the way you view your flaws forever." --Una LaMarche, critically acclaimed author of Like No Other and Five Summers

Here are the continuing confessions of a zombie, last told in When Night Came Calling. Recounting the years of his life, the zombie tells a hauntingly beautiful story full of startling revelations, danger and death, heart and hunger. This is a story of how the zombie came to be. A story of his eternal life and the curse of that life. A story that powerfully conveys the depth of fear and horror, the ineradicable spirit of conflict, the raw and vivid nature of the beast that lives within us all.

The tumultuous 1960s have passed and given way to the turbulent 1970s where chaos is the word for world politics, war, protest, and vast changes in social reforms, music, art, and virtually all aspects of global civilization. Santa Fe, New Mexico is no exception to these experiences. The family and friends comprising the Warrior Spirit Investigations firm and its alliances have found rich lives with new opportunities, children, and personal and professional growth and challenges. The group and their city have moved past the terror of the infamous "Vampire Killer" that stalked young women in Santa Fe and across the country over decades. But a new killer has emerged from the shadows and his presence is becoming clearer as innocent men and women vanish and fall prey to a misguided search for personal justice and a cleansing of old grievances. During this growing threat, a young woman has appeared on the scene and presents the Grayhawks with a surprising request—find her true identity. An amnesiac with no history past the last five years has come to them as a last resort to reclaim her past and determine her future. Using their talents and undaunted fortitude Memphis, Tucson, Sand, Swan, Percy, Nick, and their devoted and determined associates forge ahead to uncover the ruthless killer and the elusive past. But will their pursuits achieve the desired results or will the unknown pull them into a psychological quagmire that will change their futures?

Korea's first significant encounter with the West occurred in the last quarter of the eighteenth century when a Korean Catholic community emerged on the peninsula. Decades of persecution followed, resulting in the deaths of thousands of Korean Catholics. Don Baker provides an invaluable analysis of late-Chosŏn (1392–1897) thought, politics, and society to help readers understand the response of Confucians to Catholicism and of Korean Catholics to years of violent harassment. His analysis is informed by two remarkable documents expertly translated with the assistance of Franklin Rausch and annotated here for the first time: an anti-Catholic essay written in the 1780s by Confucian scholar Ahn Chŏngbok (1712–1791) and a firsthand account of the 1801 anti-Catholic persecution by one of its last victims, the religious leader Hwang Sayŏng (1775–1801). Confucian assumptions about Catholicism are revealed in Ahn's essay, Conversation on Catholicism. The work is based on the scholar's exchanges with his son-in-law, who joined the small group of Catholics in the 1780s. Ahn argues that Catholicism is immoral because it puts more importance on the salvation of one's soul than on what is best for one's family or community. Conspicuously absent from his Conversation is the reason behind the conversions of his son-in-law and a few other young Confucian intellectuals. Baker examines numerous Confucian texts of the time to argue that, in the late eighteenth century, Korean Confucians were tormented by a growing concern over human moral frailty. Some among them came to view Catholicism as a way to overcome their moral weakness, become virtuous, and, in the process, gain eternal life. These anxieties are echoed in Hwang's Silk Letter, in which he details for the bishop in Beijing his persecution and the decade preceding it. He explains why Koreans joined (and some abandoned) the Catholic faith and their devotion to the new religion in the face of torture and execution. Together the two texts reveal much about not only Korean beliefs and values of two centuries ago, but also how Koreans viewed their country and their king as well as China and its culture.
